SPECIAL TRADE LIST

OF

SUPPLIES

FOR

NURSERYMEN, SEEDSMEN AND FLORISTS,

FOR SALE AT LOWEST RATES BY

WOOD & HALL,

GENEVA N. Y..

IMPORTERS AND DEALERS IN ALL KINDS OF

NURSERY STOCK, SEEDS, BULBS AND HORTICULTURAL GOODS.

In connection with our extended and increasing trade in Nursery stock of all kinds, we have made it a specialty for years past to offer our customers the various articles and conveniences constantly needed by Nurserymen. Our arrangements are such that we are able to offer these *at regular manufacturers' rates and in any quantity that may be desired.* Our location and experience gives us the largest advantage in selection, and our aim is every case to furnish *nothing but the best that can be had* to meet the wants of our patrons. Nurserymen who have not dealt with us are invited to correspond.

IMPROVED TREE LABELS,

PRINTED AND BLANK,

The Best and Cheapest ever Made.

These Labels are now used by nearly all the leading Nurserymen in the country, and are pronounced superior to all others. They are smooth and strong, and for pencil marking have no equal.

We are making a specialty of this business, and are always ready to FILL THE LARGEST ORDERS AT ONCE, a promptness the want of which has long been felt by Nurserymen, who have heretofore been obliged to wait on uncertainties in obtaining a supply.

Our Blank Labels (tree size), are neatly put up in packages of 1000 labels. It also enables the customer easily to count his labels.

Printed Wood Labels, of every name, furnished, not less than 100 of each variety. Please note our

DENNISON'S PATENT SHIPPING TAGS AND CARDS.

While the unprecedented sale of Dennison's Patent Shipping Tags is a sufficient guarantee of their popularity, we would call your attention to the following three essentials combined in them, not to be found in any other Shipping Tag in use, regardless of price:

First.—Their uniformly unrivaled strength where the strength is required.

Next.—The gum used in their construction being insoluble, makes them essentially weather-proof.

Again.—We always guarantee a good writing surface.

By using Dennison's Patent Shipping Tags the shipper is insured safe transmission and easy direction at the small sum of from one-third to five-eighths of a cent on each package forwarded.

We offer them as below at manufacturer's prices.

	<p>PRICE LIST —OF— DENNISON'S PATENT SHIPPING TAG</p>	<p>PRINTING, \$1.00 per 1000 extra. Flowering Shrubs, Flowers, &c.

We are now selling Colored Plates, accurately drawn, lithographed and colored from nature, executed by the best artists in the country. Having a large stock to depend upon we are able to fill orders promptly for nearly anything in this line, but to secure promptness, if allowed to substitute say ten plates in a hundred (which may be indicated in the order), a book can be put up at two days' notice at any time. We put them up in bound books, to order, embracing the particular variety sold by any dealer (no charge for binding when 50 plates are taken), and forward them to any address, to responsible parties, with bill for collection on delivery of books or plates. In all such cases, when the bill is less than \$16.00, *the fee for collection will be charged to the bill, say \$1.*  All persons sending orders for Plates, C. O. D., are requested to inclose \$5 in advance, with the order. But in all cases it is better to remit the whole amount with the order, as it saves the cost of collecting bills.

PRICES OF PLATES.

Colored Fruits, and Evergreen and Ornamental Trees, 25 Cts. each.
Grapes, Flowers, Roses and Flowering Shrubs, 35 " "

Specimen Books for Tree Agents, embracing such as are desired, put up to order.

We keep constantly on hand Blank Order Books of various styles, made from the best of paper and in a superior manner.

Books containing 100 orders,\$0 75 each.

Same as above, cloth bound,..... 1 00 “

Fifty orders, 50 “

Low estimates for parties who wish Order Books made up to order with their own name and address in every order, will be given on application.

A NEW EDITION.

Illustrated Descriptive Catalogue,

For Nurserymen and Dealers.

We offered to the trade last season an Illustrated Descriptive Catalogue of Fruit and Ornamental Trees, Shrubs, Vines, Plants, &c., for Nurserymen and Dealers, appropriate for general use in selling Nursery Stock. The demand for this was so great and its success so gratifying that we have recently issued a new and more complete book of a similar character. This has been improved by including new leading sorts of fruits which promise to be of general value, and in other ways, as far as our experience and ability suggested.

The new edition contains sixty-four pages and fifteen engravings of the leading popular fruit and ornamental trees. We also include a number of statistics gathered from successful cultivators, showing the profits realized in actual experience from the culture and sale of the several kinds of fruit. These are of great service as inducements to buyers, and render the book of special value. It also contains illustrated directions for pruning Grape Vines.

The Catalogue is adapted to any locality and made up without covers, which can be added with the name and address of any Nurseryman or Dealer desiring it. No prices attached to any article in the body of the work. A general price list can be added on one of the cover pages if

wanted. To any who wish a very superior Catalogue at a small cost, we offer a rare opportunity.

PRICE OF CATALOGUES,.....\$15 00 per hundred.
 Less than 100,..... 20 cents each.

Covers added at the rate of \$3 for the first hundred; \$2 per hundred for all afterwards at the same time. Samples sent on receipt of 20 cents.

N. B. We have also the largest facilities for preparing Catalogues of any size or style for those who do not care to undertake the labor themselves. We can furnish such matter as is needed, following any instructions which may be given us, and supply cuts if desired. Low estimates will be given on application, stating the size and quantity wanted.

THE EXCELSIOR WEEDING HOOK.

This little implement is the invention of a practical horticulturist, and after giving it thorough trial in seedling beds of all kinds, and among grafts and young trees, plants, flowers and vegetables, we feel warranted in offering it as a most valuable tool for the *Nurseryman, Horticulturist and Gardener*.

It is made strong and light, about nine inches in length, with round iron teeth firmly riveted into a wooden handle, which is inclined slightly upward that the hands may not touch the ground in working.

The teeth are so arranged as to work in among seedlings, &c., loosening up the soil and removing the weeds with a thoroughness to be attained in no other way. From the opinions of those who have used it we judge that *one-half* of the ordinary tedious labor of weeding out young stock can be saved by the use of this implement.

Price, 30 cents each; \$3 per dozen.

✉ Send for circulars, with testimonials from leading Nurserymen and others.

SPADES, DIBBLES, PICKS, &c.

1.—Barton's Large Steel Spade. Indispensable in every Nursery for raising heavy trees, &c. :—

No. 1. Blade 16 in. long, 6 in. wide at widest part, weighs 13 lbs. Price of Spade and handle to fit,\$9.00

No. 2. Blade 15½ in. long, 5½ in. wide, weighs 11½ lbs. Spade and Handle, 8.00

2.—Planting Dibble, straight spade handle, 1.62

3.— “ “ curved shank handle, with extra Bessemer Steel blade, 1.50

Nursery Picks, expressly for Nursery use in grubbing, &c., 1.50

Pick Handles, each, .25

pressure of other mail matter. This difficulty is *entirely* overcome by using WARDWELL'S PATENT BOX, for sending Plants, &c., by mail.

These Boxes can be made of any size which may be desired. The pieces of which they are composed are easily packed in a small space, thereby reducing freight charges, and when received by the Florist can be quickly put together without the use of nails—a *case or mold being used for that purpose*. Wherever used, they have given the best satisfaction being so convenient as to save time in packing,—so light as to save *postage*,—so strong as to ensure safety.

The following sizes are now offered for sale:

No. 1,	2x2 inch ends,	8 inches long,	\$7.00 per 100
No. 2,	2½x2½ “ “	8 “ “	7.00 “
No. 3,	2½x4½ “ “	8 “ “	8.00 “
No. 4,	4x6 “ “	10 “ “	9.00 “
No. 5,	6x6 “ “	10 “ “	10.00 “
No. 6,	6x8 “ “	10 “ “	12.00 “

The following recommendations will speak for themselves:

“I have examined your Box for the purpose of sending by mail Strawberry Plants to distant parts of the country. I think it admirably adapted to the wants of plant growers. The Box weighing but ¼ lb., will enable us to send one dozen Strawberry Plants by mail for 4 cents to any part of the Union.”

Very respectfully,

WM. S. CARPENTER,

329 Greenwich St., N. Y.

“I have examined your Patent Box for the transmission of plants, &c., by mail, with much interest, and consider it admirably adapted for the use for which it was designed. It is very light, but sufficiently strong to prevent injury to its contents; and from the ease and facility in which plants can be packed in it, I have no doubt but what it will come into general use among Florists, who adopt this method for sending out their plants.”

Very respectfully yours,

[Signed]

B. K. BLISS,

New York City.

“I consider your Boxes the best thing used for the purpose.”

JOHN SAUL,

Washington, D. C.

A specimen box mailed to any address on receipt of 15 cents.

Trade List of Polished Brass Syringes.

(See Engraving on opposite page.)

These Syringes are rapidly superceding the expensive imported ones, which have been so extensively used in this country, being fully equal to them in finish and durability, and offered at a much lower figure.

- No. 8. Best Conical Valve Syringe, extra large diameter and length of Barrel, with Cross Handle and One Spray Rose, \$8.50.
- No. 7. Best Conical Valve Syringe, large size, with One Stream and Two Spray Roses, Knuckle Joint for turning in all directions for washing the under surface of the leaves of Plants and Flowers, cleansing them from insects, \$10.00.
- No. 6. Best Conical Brass Syringe, large size, with One Spray Rose and Goose Neck Angle Joint, turning in all directions for the same purpose as No. 7, \$9.50.
- No. 5. Best Conical Valve Syringe, large size, with One Stream and Two Spray Roses. This Syringe is in general use with Horticulturists in the United States and Europe, \$7.00.
- No. 4. Best Conical Valve Syringe, large size, with One Stream and Three Spray Roses, which are placed when not in use in the handle of the Syringe. The makers would call special attention to this arrangement of Roses. When the finest Spray Rose is used, the water should be very clean. \$7.00.
- No. 3. Best Plate Valve Syringe, large size, with One Stream and Two Spray Roses, \$6.00.
- No. 2. Ladies' Syringe, small size, with One Stream and Two Spray Roses, \$4.50.
- No. 1. Ladies' Syringe, small size, with One Spray Rose, \$3.50.

Unpolished Syringes.

- No. 00. Syringe, dimension of Barrel, 14 inch x $2\frac{1}{2}$ diameter, with One Spray Rose. Holes of large size. \$3.50.
- No. 0. Syringe, dimension $15\frac{1}{2}$ inch x 1 $\frac{5}{16}$ diameter, with One Spray Rose. Holes of large size. \$2.75.

These two Syringes are not adapted to that variety of purposes as are above, being chiefly used for throwing Whale Oil Soap Liquid, Tobacco Juice, &c.

Nos. 2, 3, 5, 6, and 9 are the sizes most used and are universally popular.
